JAPANESE ORACLE DENIES REV. THWING

HAWAII SHINPO IN THIS AFTERNOON'S EDITION DECLARES THAT THERE ARE NO CHARGES AGAINST U. S. DISTRICT ATTORNEY BRECKONS AS FAR AS THE JAPANESE ARE CONCERNED AND THAT THE JAPANESE COMMUNITY IS WELL SATISFIED.

The following is a translation of the editorial which appears in this afternoon's edition of the Hawaii Shinpo, which Mr. S. Sheba editor, sent to The Star this morning:

"WE BELIEVE THAT MR. BRECKONS HAS HURT THE ADMINISTRATION OF JUSTICE SO FAR AS THE ORIENTALS ARE CONCERNED AND HAS BEEN A DETRIMENT TO THE MAINTENANCE OF LAW AND ORDER AMONG THE ORIENTALS."

The above are the exact words published in Friday's Advertiser as the Reverend Thwing's accusation of U. S. District Attorney Breckons. Whether that official remains in his present office or be removed does not concern us a least bit. But to do justice to the efficient work Mr. Breckons has been carrying out among us; and in order to remove any misapprehension that might have been created among the white people by the statement above we quote, we feel it our duty to make known the Oriental opinion of Mr. Breckons.

Rev. Thwing seems to base his accusations mainly upon the maladministration of Mr. Breckons among the Orientals. And if our conviction should agree with that of the Reverend gentleman we might gladly join hands and support him. Hawaii Shinpo can gather all information from the Japanese community; and may furnish Mr. Thwing with valuable data if there were any. "Be just and fear not" is our motto; and we do not find any reason why we should shrink and suppress the news because it concerns Breckons or anybody else. But

MAKIKI CITIZENS

think that the camp already in the district is wholly unsuited to such a locality. It seriously effects property values and the establishment of another large camp like it will be a damaging blow at the whole district. Campbell has refused a permit and now, it is stated, the matter will be taken to the courts, in the form of a mandamus proceedings to compel him to grant the permit. Yesterday Attorney E. C. Peters, who represents the would-be builders, made a formal tender to Campbell, of the price of a building permit, and a demand that a permit be issued. Superintendent Campbell refused to issue one.

The protesters, it is stated, will get together as an improvement club, or in some other way, and contest the matter. They will also probably take the aggressive and try to abolish the camps already in the districts. Kaimuki is another district which has been threatened with a similar invasion, but it has so far been held back.

The latest plan is to go to the legislature next spring and secure a law requiring consent of property owners before such lodging houses can be established or maintained, or regulations changing the licenses in residence districts.

"We want it understood," said one of the citizens who are taking part in the movement, "that there is no question of race involved in this matter. We would object just the same if it were proposed to establish a camp of a couple of hundred rooms for American cheap roomers. We don't think a residence district is the place for a camp of this sort, and if there is any law to protect blocks of fine residences from such disfigurements, we are going to find it out."

ST. LOUIS SMOKER IS GREAT AFFAIR

The St. Louis College Alumni Association's smoker last evening was an enjoyable affair that will always be referred to as an occasion worthy of zation. The event was rendered his-torical by the presence of the Keio boys, the Japanese baseball players, who sang their song composed in honor of the St. Louis team.

Kelo men and St. Louis representatives alike had remarks of an entertaining nature to make and great good fellowship prevailed throughout an absorbing evening. The Kelos were loud in their praises of Honolulu and the reception and treatment accorded them here by the sports and all others.

Thirty tables were set with pipes, cigars and cigarettes. There were vocal solos and music by a quintet club.

fortunately to our Japanese community—may it be quite contrary to certain agitators—our community has no cause so far to complain of the U. S. District Attorney whose vigilance taught many good lessons to 70,000 Orientals in the Territory.

We do not interest ourselves whether Mr. Breckons favors boxing or Mr. Thwing opposes it. So long, by the way, our sumo game remains unmolested, we have no choice between these gentlemen so far as that matter is concerned.

But as to the vigilance, energy and determination and as to the honesty of purpose, we have only words of admiration for the incumbent of the U. S. District Attorney's office. Mr. Breckons kept the rascals among us well in awe. This is generally admitted among our people; and we wonder why Mr. Thwing accuses him with the contrary. We shall be surprised, indeed, if Mr. Thwing has forwarded any testimony against Mr. Breckons from the local Japanese. Even though he may have alleged evidence against the District Attorney, from among us, such shall have no value in our opinion except as it may mislead the white people.

Mr. Breckons' position is a peculiarly difficult one because of the cosmopolitanism of the local population; and we can well sympathize in his difficulties. Reserving therefore our comments for any evidence that Mr. Thwing may have from Chinese and white sources, we hope Mr. Breckons shall have "investigations" to his heart's content.

SCENIC LECTURE ON YOUNG ROOF

This evening in the ball rooms of the Young hotel, Mr. A. Claude Braden will give his illustrated lecture "The Scenic Wonders of the United States." Mr. Braden's slides are all beautifully colored and are a pick from the collections of the best scenic photographs together with a number from his own collection. Mr. Braden is here with Jas. F. Macdonald getting views and data of the Hawaiian Islands for a lecture. The two young men are making a tour of the world. They leave for Japan on the Manchuria Monday and this evening will be the only chance the people of Honolulu will have to see Mr. Braden's beautiful slides. The views shown tonight will be those of Yosemite, Yellowstone, The Big Trees, The Grand Canyon of the Colorado River and The Petrified Forests of Arizona. The lecture will begin at 8:30 p. m. There will be no charge for admission.

BIG SHOW TONIGHT.

The magnificent program at the Opera House will draw a big crowd tonight if the booking is any indication and all of those who attend will be assured of a remarkable evening's entertainment. Through the courtesy of The Henri French Hallen and Fuller Co., and Messrs. Cohen and Lumley, Rinaldo the violinist has given his services gratis to aid the evening's success. Opening with a grand chorus by the Kawaihauo chorus the program continues with a duet by Mesdames Hurey and Menant who have not yet been heard in Honolulu.

Ella Wheeler Wilcox's sketch "Art versus Cupid" will be capably portrayed by Mrs. Howard Humphris and Miss Francis Farrington. This beautiful if the sketch has proven such a success in the east that Frohman will put it on this winter, and it may be a matter of interest to Honolulu to know that it had its original production here.

Mme. Ballou whose magnificent interpretation of Chopin's works is well known will play his ever popular Second Scherzo in B flat minor opus 31.

Faure's famous "Sancta Maria" will be sung by Mme. Arral with a violin obligato by Mrs. C. B. Cooper accompanied on piano by Mme. Menant.

The grand aria from "Hamlet" wherein Mme. Arral portrays the character of the love torn Ophelia will be sung in its entirety by Mme. Arral. This famous aria is one of the most difficult on the operatic stage. After Hamlet's apparent madness and neglect of her, Ophelia thinking herself abandoned with mind distraught wanders from the castle and is discovered wandering in the fields by the banks of the willow, her arms filled with flowers. She sings first gayly then as grief overcomes her more and more bitterly until at last with one heartburst of song she falls dead with a broken heart. The program concludes with

A Bicyclist Recommends Pe-ru-na.

He says: "I have been a bicyclist for over five years. Last spring I caught cold causing catarrh. I took Peruna, and am well. I often recommend Peruna to my friends."

Many Athletes Praise Pe-ru-na. Builds Up Worn-Out Systems.

Mr. John Perrault, 333 Davidson street, Boulevard St. Paul, near Montreal, Canada, writes:

"I have been a bicyclist for over five years, and last spring I caught cold and did not take anything for it, for I thought it was not bad enough, but it came to catarrh. I was so discouraged that I didn't know what to do. I could not sleep; I always felt tired and troubled. Finally I began to take Peruna. After I had taken one bottle I felt better. I took another one, and now I am well. I would like to always feel as I do to-day. I often recommend Peruna to my friends."

Close Confinement. Mr. G. W. Woodbury, Rogers, Ohio, formerly Captain and Center of the Hiram College Basketball Team, writes: "There are times in the life of every student when excessive study and too close confinement and attention to the object in view will tell on your health. I have found that when body and mind alike are weary and refuse to work a few doses of Peruna restores

lost strength and invigorates one quicker and more permanently than anything I know. It gives one nerves of iron and muscles of steel, and assists the mental activities together with the physical to a wonderful degree. The athlete knows the importance of being in fine form. ELKS EXCURSION

The coming of two holidays together on September 6 and 7, Sunday and Labor Day, has proved an inspiration to the Elks and they are negotiating for another excursion to Hilo and the Volcano to leave in the S. S. Manua Kea Saturday afternoon and return to Honolulu early the following Tuesday. There is nothing definite yet, but Harry Easton is on the go and that means there is pretty sure to be something evolving. Easton will personally conduct the pilgrimage. The trip will be for Elks and their friends, too, and all who wish to take advantage of the excursion rates offered, \$25, Easton will explain to all inquirers.
